FILE No. 276 OF 1891

OFFICE NOTE.

Report of the Friend-in-Need Society Bangalore for the year 1890 forwarded for Resident's orders with its Honorary Secretary's letter No. 189/91 dated the 11th July 1891.

The report shows that excluding the cash on hand on 1st January 1890 of Rs 829-15-2, the actual receipts during the year under report amounted to Rs 9758-11-5 against Rs 9090-6-2 in the previous year. The increase is chiefly due to the larger grant of Rs 50/- a month made by the Station Municipality & to the increased collection from the public in way of subscriptions and donations.

The No. of subscribers was 154 of whom 44 were military & 110 civil subscribers as noticed by the Hon: Secretary. The public seems apathetic in this matter though the institution is most praiseworthy

brought to their notice by personal appeals & public advertisements.

The actual expenditure during the year amounted to Rs 9960-15-10. against Rs 10288-4-9. in the preceding year. This includes a sum of Rs 1062-0-3 spent on repairs to the buildings - as it is under contemplation to erect another building for the institution, such large expenditure need not have been incurred, but the Hon: Secretary reports that it was essential to make the roofs watertight.

This will be a natural result after Col: Hill leaves the Station.
H.L

The cash balance at the close of the year was Rs. 627-10-9 or Rs 1520-4-5 less than that of the previous year. Taking however into consideration the fact that loans to the extent of Rs 990-9-2 ~~were~~ made during the year (which must be returned) were shown under "Expenditure", the cash balance actually was Rs 1398-3-9, a result which is not unsatisfactory.

The funded Capital which was Rs 8127-1-3, was augmented during the year by a sum of Rs 1516-12-7 contributed towards the proposed new Poor House.

Rule 62

Provision has been made during the year in the rules of the institution for the preparation of a budget of receipts & expenditure, which will help in controlling the financial position of the Society.

During the year, a laundry has been established.

The Gjirdlestone Ward for Incurables

An account of the working of this institution is given in page 24 of the report. Including the grant of Rs 1,200/- from the Municipality, the income was Rs 1571-5-0 while the expenditure amounted to Rs 1601-14-9, which is not satisfactory. The cash balance at the close of the year was Rs 270-2-5. Towards the construction of building, a sum of Rs 1486-11-7 has been funded in a Savings bank. The institution requires greater public support.

Some typographical errors are found in the ~~statement~~ of receipts & expenditure appended to the report. Page 28.

The

The total receipts under "charitable contributions" comes Rs 2158-6-4 (not 2158-5-6 as entered). Probably the error is made in the amount of collections from poor boxes which may be Rs 61-8-1 & not 61-8-11.

61.8.1. is correct. I have let the wrong allocations made in the Report by Mr. Donaldson the Hon: Secy. H 21.VII.91

Under Amended Capital, the sum lodged in the Imperial Savings Bank should be Rs 127-1-3 & not 127-1-0 as entered.

If approved, the Hon: Secretary may be informed, in acknowledging the report, that the Resident considers that the report is full & on the whole satisfactory, & reflects credit on the management of the institution. A hope may however be expressed that greater public support may be secured towards the Girdlestone Ward for Incurables.

Acknowledging the Report & making any remarks he may think fit as proposed. I suggest Mr. Hicks & the Ex Council be informed that the Item should be exempt from Taxation

The Report is full and in many respects satisfactory but it is observed that the cash balance which at the end of 1888 amounted to Rs 2417 and at the end of 1889 to Rs 829 at the close of 1890 were only Rs 627-10-9 Tho' the income of the institution was increased by an additional grant of Rs 800 by the Municipality It is true that Rs 770-9 have been advanced in loans to 30 individuals but as it is proposed to stop this system of making it may be presumed that the loans are not safe investments.

The report on the Immovable Ward shows that contributions hitherto given to that Institution are not sufficient for its maintenance & it is observed therein recommended to the charitable support of the Public. The receipts for the year came to Rs 1571-5-0 whilst the expenditure was Rs 1601-14-

Since the matter was first brought to the notice and the Committee for the time and attention they have given to the Institution and it is subject for regret that the Fund in hand shortly will soon be deprived of its able and devoted Hony Secretary.
